

SVAC Marlins Swim-a-Thon Fundraiser

July 14, 2010

The Smallwood Village Aquatic Club (SVAC) is a non-profit, summer-league swim team located at the Smallwood Village Swim Club in Waldorf. The SVAC Marlins have over 100 swimmers ages 4 to 18 years old competing in swim meets at local and cross-county pools throughout the summer season. The SVAC Marlin Swim Team is an all-volunteer, parent-directed swim club. Only are certified coaches are paid a salary.

We are requesting donations through our swim-a-thon fundraiser so that we can purchase new equipment for the team to use next season and beyond. A short list of those items includes:

1. Two new laptop computers (data manager and head coach), \$1000
2. Software upgrades, \$500.
3. Training equipment, \$500.

Together, the entire team will attempt to swim 61 nautical miles, the distance equivalent to swimming in the Chesapeake Bay from Annapolis Harbor to Point Lookout State Park. [116500 meters, 4466 lengths of the pool]. You can sponsor the swimmer for each length swum during the swim-a-thon or donate a total amount to the swimmer. The swim-a-thon will take place during practice on July 14, 2010.
